“I worked with Darwin on filling a critical leadership position this year. As with these types of roles there were many key requirements and several points of view. Darwin did a great job getting to know us as a team and the organization and focused his search on candidates that would not only fit but thrive with us. He delivered on all timelines he committed to throughout the search. He was very organized, transparent, and a pleasure to deal with! Darwin’s partnership and support were key to helping us find **an ideal team member to join us.**”

-Brenda Vesey, VP CHRO
Renaissance Pharmaceuticals

“Darwin and I worked together on a position earlier this year. From our first conversation, I felt comfortable that I would be well represented. Darwin took the time to listen and understand what I was looking for, he remained transparent throughout the entire process, and communicated any information and updates that he had for me in a timely manner. He also provided valuable feedback and guidance throughout the process. I would definitely work with Darwin again and recommend him to anyone who is undergoing a job search.”

-Matthew Prokopczyk, VP Global Quality
Amerigen Pharmaceuticals

“I had the pleasure of working with Darwin on my last placement for the position of Vice President of Operations for a medical device company. It was a pleasure working with him on that placement. I was impressed with Darwin’s professionalism, transparency and experience in the field and his consistent communication with me during the entire process. I found him to be very engaging, trustworthy and dependable and his feedback was an important resource. I highly recommend Darwin and his professional recruitment services at Shurig Solutions. He is an honest and forthright professional who does an excellent job matching a candidate to a company’s needs.
