

MARCH

What's happening with SSI

The SSI team welcomed a new member to the team. Tony Rojas joined as Director of Contract Staffing.

Team Celebration

2022 Pacesetter Trip

While it was disappointing that MRI wasn't able to have a Pacesetter event to celebrate 2021 for a variety of challenges relevant to the pandemic, SSI had a great time creating our own trip with a 7 day Viking cruise on the Danube River and seeing incredible locations in Hungary, Slovakia, Austria, and Germany. Congratulations to Josh Mayo, and Angela Maar for being first-year MRI Pacesetters, and thank you for all that you do for our partner candidates and client companies at SSI!

March SSI news continued...

Conferences, charity events and lots of placements in March

LSI Emerging Medtech Conference

SSI attended the LSI Conference for the second time and it was definitely one of the best conferences that we could attend. The people that we met were amazing and the innovations they bring to the industry are incredible. Looking forward to LSI 2023

Charity

Miracle Madness 2022

Another successful Miracle Madness event raised \$8300 for the children at Shriners' Hospital for Children. Thank you to everyone who participated and we look forward to raising even more money next year.
